Cache Makers, Logan, Utah

Hispanic Outreach Coordinator, May 2016 to July 2017

- Coordinated activities for groups of kids where we taught them coding, shop, and robotics.
- Conducted *The Spanish Outreach Initiative* teaching kids who only speak Spanish the value that S.T.E.M. related fields bring to their communities.
- Created a program for other counties in Utah to adopt our program into their list of services

Leadership Experience

Intercollegiate Esports Invitational

Co-Founder / Competitive Director, Sept 2016 - Present

- Unified 7 universities within Utah to compete and collaborate in the creation of a large-scale online series tournament leading into a live event.
- Supervised over 300 attendees providing a fun and competitive environment
- Secured and handled sponsors for a two-day tournament with over 500 attendees.
- Expanded the growth of the tournament to include ASU, CU Boulder and UNLV in order to provide high quality competition and collaboration across our state borders

USU Esports

President, Sept 2015 – Present

- President of Utah State University Student Association Esports, a collegiate video gaming organization comprised of over 400 members.
- Developed the first gaming initiatives in partnerships with our Computer Science and Engineering Departments to secure venues and hardware for the Utah State University Student Association Esports Club.
- Secured major partnerships for events including Tespa, Twitch Student, and various other local sponsors.
- Navigated the University space to secure our position as an official club sport starting Fall 2018 securing our club funding and a new esports lab for general and competitive use in collaboration with our campus recreation program and the department of education at Utah State University.
